PROJECT/DEVELOPER EXPERIENCE

Developed API microservices with Java Spring Boot and client-side web applications with Angular. Designed relational database systems (MySQL) with scalability and query optimization in mind. Ensured code reliability by implementing unit tests for proper coverage in the CI/CD Pipeline with Github Actions.

WORK EXPERIENCE

Sales Marketing Manager - Walcott Rx Products, Ocean View, NJ

November 2011 - Present

- Lead on all marketing and advertising materials. Focused on business objectives and tracked progress to ensure project milestones were completed on time, on budget and with the desired results. Lead on daily, weekly, monthly status meetings to open lines of communication throughout the company, as well as creating a forum to discuss open projects and campaigns.

Assistant Advertising Manager - Sands Casino, Atlantic City, NJ

March 2004 to November 2006

- Functioned as a project manager which included successfully coordinating all internal contributors, interfacing with external vendors, and ensuring smooth and timely transitions between all phases of the project. Utilized both quantitative and qualitative data to identify and communicate performance insights to key internal stakeholders, including C-suite level

Marketing Service Supervisor - Sands Casino - Atlantic City, NJ

April 2003 to March 2004

- Mentored and trained a team of 20 employees within the Promotions Department. Effectively coordinated team initiatives for customer support. Maintained and utilized KPI's to develop a data driven approach to marketing efforts.
